## Trash-burning Result Costly

THE HOME OF MRS. RAY SMITH, 224 Bereman Street (in the Taylor Martin estate) and a garage owned by C. B. Tillis, were badly damaged by fire at 3:10 P. M. Monday, which started from burning trash near the buildings.

Firemen said the burning refuse was within a few feet of the buildings, and that when they arrived both the rear part of the Smith home and garage were blazing above the roofs of the buildings.

A summer kitchen of the Smith home and part of another room were badly damaged. The rear of the Tillis garage was also damaged heavily.

Firemen laid a line of hose and soon had the fire under control. It required some little time to extinguish all of the fire, particularly in an attic over the kitchen.

## Americans in Spy Ring For Russia, Probers Say

WASHINGTON, Aug. 21—(AP)—Senate investigators promised today to explore fully a story that a Communist spy ring with some Americans in its ranks assured Moscow before Pearl Harbor that Japan would attack the United States.

Mitsusada Yoshikawa, director of special investigations for the Japanese attorney general, told the story in sworn testimony before the Senate subcommittee on internal security yesterday.

Senator Ferguson (R-Mich.), a member, and Robert Morris, coun-

sel to the group, said the entire matter will be gone into at further hearings.

The case of the fabulous spy ring was first made public back in February, 1949, when the army released a 32,000-word report on the operation. Parts of that report were deleted for security reasons. It was written under Gen. Douglas MacArthur's direction. Almost immediately after making the report public the army withdrew it.

Yoshikawa said Richard Sorge, whom he sent to the gallows as head of the spy ring, named the late writer, Agnes Smedley, as a U. S. member of the ring. But Sorge never gave the names of a "young officer connected with the American consulate at Shanghai" and an American newspaper correspondent who also were members, Yoshikawa said.

The witness said Sorge confessed his mission was (1) to spy on Japanese and German war plans, and (2) to induce Japan to strike at the U. S., Britain, France and The Netherlands, but not at Russia, if she struck at all.

He said the ring thus not only had advance information of Japanese plans, but had helped to shape them through the exercise of influence on "brain trustees" in the Japanese government.

## Violent Storm Heading for Lower Mexico

NEW ORLEANS, Aug. 21—(AP)—A violent and deadly hurricane with a 130-mile-an-hour wallop is expected to strike the lower Mexican mainland late this afternoon or early tonight.

The New Orleans Weather Bureau said if the big blow continues in its present indicated course, its main punch will hit between Nautla and Tuxpan probably between 6 P. M. and 9 P. M. (EST).

In an advisory issued at 5 A. M. (EST) the Weather Bureau said the center of the raging storm was about 240 miles east of Tuxpan and was swirling westward at about 14 miles an hour.

The hurricane already has cost 155 lives and caused damage of \$56,000,000, its toll as it belabored the British Island of Jamaica before it left the Caribbean.

Nautla is a small town of less than 2,000 population. Hurricane winds are expected to be felt as far north as Tampico, a modern city of almost 100,000 population.

Squalls and heavy seas may extend to the lower Texas coast, the Weather Bureau said in cautioning small craft to take over until the fury of the storm has passed.

People with hobbies have the most fun . . .

Emmet Mickle's is growing flowers. He sort of specializes in zinnias, those big, bright many-colored flowers that bloom in late summer and right on through autumn until a heavy frost.

"I've been doing it for years," . . . I just like 'em," he said with a sheepish grin, for Emmet is a rugged dirt farmer who, from outward appearance, would seem more at home in a corn or wheat field than a flower bed.

Emmet was just showing me some color snapshots of his zinnia garden. He and Mrs. Mickle were standing in the middle of the zinnia bed—and it was a big one. The flowers were waist high.

The pictures, there were several of them, were taken by Mrs. Ray Maddox.

And, incidentally, that color photography to preserve such colorful scenes as the Mickle flower garden isn't such a useless hobby either. I didn't think to ask Emmet whether the camera was his or Mrs. Maddox's.

## Truman's Policy Is Endorsed by AFL Spokesman

Top Labor Leaders In Columbus for Annual Convention

COLUMBUS, Aug. 21—(AP)—Undersecretary of Labor Michael J. Galvin today credited President Truman's policy of containing Communism with preventing a third World War.

Galvin addressed the annual convention of the Ohio State Federation of Labor. About 725 delegates are registered.

"In this fight we cannot let down our guard regardless of the eventual outcome in Korea," Galvin said. "Nor can we permit those who are playing politics with our national safety to divert us from President Truman's sound and tested programs in both foreign and domestic fields."

Galvin said President Truman is expanding the humanitarian programs begun under the late President Franklin D. Roosevelt, but there is still much to be done. He said those things include:

1. A health program that will bring medical care within the reach of the poor.

2. Help and protection for farm workers our laws now give workers in industry.

3. An expanded and improved social security program.

4. Improvements in unemployment insurance, and

5. A labor relations act fair to employer and employee alike. Galvin said such an act should replace the "vicious anti-union Taft-Hartley law."

Galvin also commended the ac-

BROMLEY, Eng., Aug. 21—(AP)—Pette Mrs. Muriel Brown gave birth to quadruplets—two boys and two girls—last night, but one of the boys died.

The three surviving babies, Denise, Georgina and Tony, were in oxygen tents. The boy who died was named Derek.

The 27-year-old mother is the wife of George Brown, a 19.60-a-week mechanic. The Browns, who already have a four-year-old son, live in a six-room flat.

## Want a Monkey? India Has Plenty

NEW DELHI, India, Aug. 21—(AP)—Anybody want a monkey? India has a monkey population of 100,000,000 she wants to get rid of.

The national government today approved a Madras State plan to export as many monkeys as possible because they are destroying food crops.

In the Hindu religion, monkeys are sacred and cannot be killed or harmed. India has been criticized abroad for not getting rid of the food-consuming pests. Food Minister K. M. Munshi told parliament the government will furnish Madras State with lists of monkey dealers at home and abroad to speed up the monkey export business.

## \$400,000,000 Asked To Help Flood-battered Middle West

WASHINGTON, Aug. 21—(AP)—President Truman has asked Congress for \$400,000,000 to help the flood-battered middle west and to finance a new national flood disaster insurance program.

He told Congress in a message last night the situation was a "grave emergency" and asked that the money be provided as quickly as possible.

Vice President Barkley promptly referred the request jointly to the Senate public works and appropriations committees to speed action. Ordinarily each would study the matter separately.

The relief money would be used to pay flood victims of Kansas, Missouri and nearby states for part of what they lost in the July floods; to guarantee liberal loans for rebuilding homes, farms and factories; and to help states and cities participate in the rehabilitation activities.

Funds for the new insurance program will help fill "the lack of a national system of flood dis-

## Investigation of Shooting Here Hinges on Condition of Victims

Husband of Girl Brother Shot Still in Jail Here—Two Others Wounded Remain in Hospital

Prosecutor Clark Wickensimer and Police Chief Vaiden Long were marking time Tuesday while awaiting outcome of the gunshot wounds of the three persons who were wounded seriously by Richard Lee Howland at Happy's Sandwich Shop, here Sunday night, before he turned the gun on himself and inflicted a mortal wound in his head.

In the meantime, Robert Howland, brother of Richard, who owned the gun used in the shooting affray by his brother, is being held in city prison without charges having been filed against him.

Mrs. Robert Howland is in Mt. Carmel Hospital, Columbus, in a serious condition, as result of a bullet through her spine, and reports indicate that if she survives the wound she may be paralyzed.

An operation was performed for removal of the bullet, but reports indicate it was unsuccessful, and that the bullet is still imbedded in her spine.

At Memorial Hospital, the condition of Carl Ratliff and Mrs. Cecil Happeney, both of whom were struck by bullets meant for Mrs. Robert Howland as she lay on the floor in the sandwich shop, was reported as fair.

Inquiry Continues

Chief Long and Prosecutor Wickensimer are continuing their inquiry into the tragedy, and it was indicated that in case of death of one or more of the victims, charges may be filed against Robert Howland.

The officers learned that Robert had told workmen at the American Pad and Textile Co. plant in Greenfield, where he is employed, that he was going to "use part

## Waxy Gordon Seriously Ill

NEW YORK, Aug. 21—(AP)—Waxy Gordon, the 63-year-old beer baron of prohibition days, lay very ill today in a federal jail with the possibility of remaining behind bars for the rest of his life.

Gordon, who is being held on narcotics charges, will be turned over to New York State for prosecution on dope charges.

If convicted by the state, he would be subject to a life term as a fourth offender. Federal law has no such provision.

The decision to turn Gordon over to the state was revealed in federal court yesterday when his attorney sought reduction in his \$250,000 bail. The bail hearing was adjourned to Aug. 27.

## Woman Revives; 34 Days in Coma

WATERTOWN, N. Y., Aug. 21—(AP)—A Columbus, O., woman has regained consciousness and is able to talk after 34 days in a coma following a fall down a flight of stairs.

Mrs. Maude H. Morpeth, 68, who was visiting a niece here, tumbled down the stairs July 17 and suffered fractures of the skull and four ribs.

Mercy Hospital reported she regained consciousness yesterday.

## Britain Withdraws Oil Offer to Iran

TEHRAN, Iran, 21—(AP)—Britain's representative exploded a surprise in the British-Iranian oil talks today by withdrawing Britain's proposal for settlement of the grave dispute.

A brief statement from the British embassy gave no hint as to whether the talks had actually broken down.

One source said it appeared Chief British Negotiator Richard R. Stokes was trying to force Premier Mohammed Mossadeq to advance a specific counter-proposal to the British offer.

His previous offer provided for setting up a new purchasing agency and what amounted to a virtual 50-50 split in oil profits.

## Plane Hits Soldiers On Ground--12 Killed

FORT DIX, N. J., Aug. 21—(AP)—A flame-enveloped jet plane --raining fiery death as it fought a losing battle for altitude --plowed into a group of soldiers yesterday. Twelve men, including twin brothers, were killed.

Twenty-one other soldiers were burned or injured as the T-333 air force trainer plane crashed moments after taking off from near by McGuire Air Base. The plane's two-man crew perished in the wreckage.

Among the dead soldiers were Pvt. George W. and Robert W. Poole, 22-year-old twins from Camden, N. J., who were inducted into the army about four months ago. George was killed instantly.

Their widowed mother, Mrs. Hazel Poole, was preparing to leave for the post hospital late yesterday when word was received that the critically injured Robert also had died.

The rest were part of a 54-man army detail that had just finished learning how to lay communications lines in a belt of scrub pines at the edge of the base.

Survivors said the plane bore down on them "like a ball of fire" through the trees, skimmed over

the ground and crashed into a line of soldiers.

The Office of Price Stabilization (OPS) issued an order yesterday allowing the post office department to rewrite its contract with the International Envelope Co., of Dayton, Ohio. The firm is the only producer of such envelopes and makes nothing else.

The government sells the ready stamped envelopes to the public approximately at cost plus the value of the postage. Because the primary value is in the stamp, OPS said the cost to the public of any increase will not be great.

## Lovers Meet With a Crash

CLEVELAND, Aug. 21—(AP)—The bride-to-be wouldn't give her name, and her embarrassment was understandable.

For the second time in two months, she said her marriage to Walter J. Stedronsky, 28, has been postponed because he smashed up his motorcycle.

Yesterday Stedronsky's motorcycle bounced off a streetcar, and rammed head-on into an automobile, landing him on the hood. He was taken to City Hospital with a skull fracture and other serious injuries.

A passenger on the streetcar, which was held up for a half hour by the accident, was Stedronsky's bride to be.

Justice of the Peace W. E. Richburg withheld an inquest verdict.

## Texas Millionaire Is Shot by Wife

DALLAS, Aug. 21—(AP)—Thomas W. Dowell, 55, a millionaire oil operator with successful holdings in west Texas and New Mexico, was shot to death yesterday.

One shot from a .38 caliber snub-nose revolver entered his right chest as he sat in his car with his wife.

Mrs. Dowell told police she had taken the gun from the glove compartment of the car and was about to hand it to her husband when it fired. The gun had been wrapped in a towel.

Justice of the Peace W. E. Richburg withheld an inquest verdict.

## Reds Stubborn And Start New Hate Campaign

Much To-do Made Over Ambush of Chinese Soldiers

BY SAM SUMMERLIN

MUNSAN, Korea, Aug. 21—(AP)—Communist protests and anti-American propaganda were stepped up today as a joint Allied-Communist subcommittee held its fifth session trying to break the deadlock in Korean truce talks.

Red China's Peiping radio said tonight the killing of a Chinese soldier in the Kaesong neutral zone "will rouse still greater hatred of American imperialism among Korean and Chinese peoples."

The Reds formally charged the Chinese was killed in an ambush by United Nations troops. The UN command denied this; said it was probably the work of guerrillas.

Tuesday's Peiping broadcast, quoting the official Hsinhua New China News Agency, said "he was murdered in American ambush."

The broadcast quoted Maj. Gen. Hsieh Fang, a Chinese armistice delegate and member of the joint subcommittee, as saying the death of the soldier "will surely harden Chinese volunteers' determination to defend peace."

Hours before the broadcast the subcommittee—two Allies and two Communists—met in Kaesong for two hours and four minutes. More than half that time they spent poring over a map trying to agree on a military dividing line for a cease-fire.

They scheduled another session for 11 A. M. Wednesday (8 P. M. Tuesday, EST). They made no report on progress.

But the UN spokesman, Air Force Brig. Gen. William P. Nuckols, gave some indication little progress was being made.

Nuckols said the Communists at the discussions were "immune" to military logic, "obdurate" in their politically colored demands, "inscrutable" in presenting them, and "adamant" to adjustments.

Nuckols drew no distinction between the attitude Red generals displayed in full negotiation sessions and in subcommittee meetings.

The UN spokesman made his comments after Peiping radio said Monday that:

"If the American side still stubbornly refuses to negotiate . . ."

## Forests Afire On West Coast

(By The Associated Press)

More than 75 fires, many of them major ones, cracked through timber and brush lands of the Pacific Coast states today.

California reported 25,000 blackened since fires broke out over the weekend. Lightning started an additional 24 new blazes last night. In the Klamath National Forest two fires were burning over 3,200 acres. Forty-five smaller blazes were reported.

To the north in Oregon, some 10,000 acres were charred by a single fire. That was in the Vincent Creek area between Eugene and Coos Bay. The flames have been out of control since Friday.

The Federal Forest Service assembled smoke jumpers to be dropped into the inaccessible regions. Some of the jumpers were used yesterday to fight 26 fires in the Rogue River National Forest to the south.

Another major fire was reported at Hubbard Creek, 20 miles north of Roseburg, Ore. It had covered 5,000 acres.

Kidnap and Girl Are Hunted in Ohio

ZANESVILLE, Aug. 21—(AP)—Zanesville police today are checking reports that an ex-convict accused of kidnaping a 15-year-old girl has been seen in four different Ohio areas.

Detective Capt. Robert Snelling said he still has no good clues on the whereabouts of 28-year-old Chester Risen of Columbus.

Risen disappeared one week ago with 15-year-old Nancy Kinney of Zanesville. He told her mother, Mrs. Earl Kinney, he wanted to take the girl to see relatives.

Mrs. Kinney swore out a kidnaping affidavit several days later.

Snelling said people in Massillon, Mount Vernon and the Roseville area (near here) have reported seeing the pair.

## Red Tape Is Cut To Get Married

MOSCOW, Aug. 21—(AP)—Two Americans are cutting through Red tape to get married in Moscow on Labor Day.

The couple are Lt. Cmdr. Irwin Edwards of Salem, Ore., a dentist assigned to the U. S. Embassy, and Jane Breckenridge, Orlando, Fla., secretary to U. S. Minister Hugh Cumming.

Since neither are Roman Catholics and a Catholic priest, The Rev. John Brassard of Worcester, Mass., is the only American clergyman here, he obtained special dispensation to marry them at the embassy.

## Death Is Accidental But Also Mysterious

PORTSMOUTH, Aug. 21—(AP)—A 34-year-old man carried a light on an extension cord into his basement last night to check on a leaking pipe. Soon afterward, his wife found him on the floor floating in three feet of water.

Dr. W. A. Quinn, coroner, ruled Howard's death was accidental, but said he would have to investigate further to determine whether death resulted from electrocution or drowning.

## U. S. Production At New Record

Business Increased  
By War in Korea

By SAM DAWSON  
NEW YORK, Aug. 21.—(AP)—Americans are producing more in goods and services than ever before in their history. But Uncle Sam is paying for the increased production out of his pocket.

The extent to which the present prosperity reflects the shift from civilian support of the economy to support by government spending is shown today by two reports.

The first is by the Department of Commerce. It says the total production of goods and services in the nation swelled to a record annual rate of \$325.6 billion in April, May and June. But civilian buying dropped from the rate of January, February and March.

And government spending accounted for the increase in production, while government payrolls showed the greatest proportionate gain in the rise in personal income.

The second report is by the president's council of economic advisors. It was made last week and revealed industrial production dropped sharply in July. The drop was credited to a decline in output of civilian goods to make way for increased production of goods for defense. The shift continued in August, as Uncle Sam's tax dollars played an increasing part in the nation's business.

### War Boosts Output

Over-all production in the first 12 months of the Korean war increased nearly 20 percent, the Department of Commerce reports. But it states the gain in dollar value and doesn't break down how much was due to rising prices and how much was actual increase in goods themselves. The council of economic advisors, however, thinks that recently the gain was almost entirely in units, with prices staying fairly level.

In the three months before the Korean war started, the annual rate of total production was \$275 billion. In the first three months of this year it rose to \$319 billion. An annual rate gain of around \$7 billion was counted in April, May and June to bring it to nearly \$326 billion.

But this \$7 billion is also the same figure as the rise in government spending. Federal, state and local government purchases rose from an annual rate of \$53 billion in the first quarter of this year to \$60 billion in the second quarter. Prior to that the increase in output has been taken up almost entirely by the increase in private spending.

As government spending rose, consumer purchasing dropped. The department reports that in the first three months of this year the public was buying at an annual rate of \$208.2 billion. But in the next three months they cut their spending back by three percent to \$201.7 billion.

This cutback in private spending apparently does not stem from any loss in total income. The department reports that in April, May and June total personal income was increasing at an annual rate of \$6 billion to reach a record \$251.1 billion. The increase in wages and salaries, on a yearly scale, is put at \$5 billion. And the department says government payrolls made the greatest proportionate advance, again reflecting the steady shift to defense and related government programs.

old William (Billy) Wallace, polo-playing stepson of American writer Herbert Agar, and the 27-year-old Earl of Dalkith. Margaret hasn't told yet what the young men chose for her.

There will be no booming of guns throughout the empire, since Margaret is only fourth in line to the British throne.

Grey old Balmoral Castle will be the scene of a royal birthday ball over which King George, her father, will preside. But outside the walls of the famed old royal hunting lodge, there will be toasting and flinging of Highland kilts.

Scotsmen feel they have a special claim on Margaret Rose—the princess' full name—because she was born in this northland's gloomy Glamis Castle.

The royal birthday sparks new speculation as to when the young daughter of King George VI will announce her betrothal. Legend has it that girls born at Glamis Castle marry, or at least become engaged, by the time they are 21.

## Final Tribute Paid Mrs. Mary Spencer

Funeral services for Mrs. Mary Elizabeth Spencer were conducted at the Christian Church on North Street by Rev. Russell Knisley, assisted by Rev. C. B. Tigner, the pastor of the church.

Rev. Knisley delivered the sermon and read a memorial tribute of his own composition.

Rev. Tigner offered prayer and read passages from the Scriptures.

Mrs. Donald Belles and Mrs. Gene Miller sang the three hymns, "Eastern Gate," "Sometime We'll Understand" and "Beyond the Sunset."

They were accompanied by Miss Christine Switzer, who also played the processional and recessional.

The hymns were chosen for her funeral by Mrs. Spencer before her death. She also outlined the plan she wanted followed at the service.

Pallbearers, who took care of the floral remembrances, were John McDaniels, Virgil Clark, George Sever, Carl McGonagle, Roland West and Harold Smith.

Interment was in the Washington Cemetery.

Robert had admitted to the officers that he knew Richard had the gun, and intended to shoot Betty, and that he came with him here well aware of Richard's intentions.

Meanwhile, funeral plans for Richard Howland have been completed. Services are to be held at the Murry Funeral Home in Greenfield on Thursday at 2 P. M. Burial will be in the Greenfield Cemetery.

Richard Howland is survived by his father, George Howland, of Springfield; his mother, Mrs. Clara Howland, of Greenfield; and four brothers, Charles, Robert and John, of Greenfield, and Donald of New Lexington.

Tuesday morning the father came here and visited his son Robert. He sought to obtain release of his son on bail, but this was refused.

Robert, who grabbed the gun from the floor where it had fallen when Richard turned it upon himself after wounding the three people, and fled to Greenfield, was arrested at the home of an uncle, by Patrolman Ed Williams, of Washington C. H., who had gone to Greenfield ahead of some of the other officers, with State Highway Patrolman M. E. Brinkley.

Williams walked into the room where Howland was sitting, and placed him under arrest, without show of resistance on the part of Howland. He also obtained Howland's gun, and brought it back to this city.

## Mrs. Cora Morris Is Called by Death

Mrs. Cora VanPelt Morris, 72, died at 3:15 P. M. Monday at the home of her daughter, Mrs. Alfred W. Ellis, in Clinton County.

Mrs. Morris had been in failing health for more than a year, and her condition had been regarded as serious for the past three weeks. She was a member of the Memphis Methodist Church. She had lived in that community all of her life.

She is survived by her husband, Quincy S. Morris of near Highland, her daughter, Mrs. Ellis, a son, John Ryan Morris of Cincinnati and five grandchildren.

Funeral services are to be held Thursday at 2 P. M. at the Littleton Funeral Home in Sabina and interment is to be in the Leesburg Cemetery.

Friends may call at the Morris residence a mile south of Memphis on route 72 from Wednesday noon until 11 A. M. Thursday.

Yangu behind a curtain of artillery fire today, but made little headway.

Front line dispatches and official announcements reported the South Koreans seized the ridge of one hill but were swept off two others by Red counterattacks.

Associated Press Correspondent George A. McArthur reported from the east-central front that battles raged throughout the day northeast and northwest of Yangu.

On the Far Eastern flank, McArthur said, attacking South Korean troops secured north-south ridgelines near Kaesong except for one hill recaptured by a Communist counter-attack Tuesday.

Large numbers of Communist troops were reported massing a few miles north of the battleline above Yangu. McArthur said there were reports the Reds have committed some of their reserve

## Grain Market

CHICAGO, Aug. 21.—(AP)—A little confirmed export business in wheat and corn, with a larger volume anticipated, gave grains a better tone at the Board of Trade today.

Mexico took a million bushels of wheat and United Kingdom a cargo of corn.

Soybeans and new rye were actually traded and both advanced. Oats made a little progress on commercial buying, but lard found the going difficult.

## Financial Market

NEW YORK, Aug. 21.—(AP)—Quiet trading and narrow price changes went hand in hand today in the stock market. Considerable strength was displayed in the air lines group with an advance carried as high as a dollar a share. Trading was active early in the session. Elsewhere strength was scattered and fairly well tied in with corporate developments.

Losses, too, were scattered and seldom went to as much as a dollar a share.

## The World Today

WASHINGTON, Aug. 21—(P)—In the midst of truce negotiations in Korea eight Republican senators now have denounced any settlement at the 38th Parallel. But they didn't suggest what to do to avoid it.

The truce talks in Korea have bogged down over this question: Should the United Nations forces withdraw south of the 38th or stay where they are now, just a little north of the line?

The North Koreans and Chinese Communists don't want a truce which leaves the UN with one foot of ground in North Korea, above the Parallel. The UN wants to stay where it is, mostly north of the line, because that position is more defensible in case the truce ends and fighting starts.

Since the two sides have spent weeks haggling over this, it's hardly likely the North Koreans and Chinese would suddenly agree to let the UN occupy all Korea as a price of truce.

The eight Republican senators said "any peace short of the liberation and unification of Korea is a delusion. Any settlement at the 38th Parallel is a Chinese Communist victory."

But the senators apparently very carefully avoided suggesting we break off the truce talks and try to drive the Chinese out of North Korea. And, since the Chinese will hardly go without being driven out, the eight Republicans have expressed an opinion without offering a solution.

Nevertheless, this expression of opinion on a truce at the 38th lays the groundwork for future Republican attacks on the Truman administration if a truce finally is agreed on at or near the 38th.

Since we are moving into a big political year, and the Democrats and Republicans are all politicians, it's unlikely the Democrats will let this Republican attack go unanswered.

So the public will be in for more verbal brickbats heaved by both sides. This statement of the eight Republicans was released last night.

But it seems clear now that the public, which was whipped into excitement about the firing of General MacArthur, probably never will learn what the Senate thinks of one of the most basic questions in the whole controversy: Was MacArthur right in urging broader war on China as the best and quickest way to end the Korean war?

Last Friday Democratic and Republican members of the two Senate committees—foreign relations and armed services—which for nearly two months heard 2,000,000 words of testimony on the MacArthur case, voted 20 to 3 against making any formal report. For a while it seemed the case might be allowed to die that way.

Why no formal report? Senator Russell, Georgia Democrat who was chairman at the hear-

## To Picture Ohio At the State Fair

Scenes portraying Ohio's agricultural, historical, industrial and recreational greatness will be painted before the eyes of State Fair visitors, August 25-31.

Ivan Pusecker, one of Ohio's outstanding artists working in cooperation with the Ohio Development & Publicity Commission, will occupy a platform at the north end of the Junior Fair Building.

One large mural-type painting signifying some famous event, place or thing characteristic of Ohio will be created each afternoon. The pictures will be quality work of art and not the kind usually associated with artists working on exhibition.

Spectators will have an opportunity to witness a demonstration of creative skill and at the same time learn many pertinent facts about their great State of Ohio.

## Clinton Corn Crop Hurt by Drought

The Clinton County corn crop has been damaged 25 percent by the drought, according to an official in touch with the conditions in that county.

If rain comes within a few days it will prevent further damage to the crop, according to the same authority.

Early prospects for a bumper crop were reduced in this part of Ohio when the drought started late in July and has continued up to the present time.

ings, said: "It would only revive bitter controversy at a critical period in the Korean peace talks and it might add complications to the signing of the Japanese peace treaty in San Francisco next month."

But on Sunday night the eight Republican senators -- all members of the two committees which conducted the hearings -- issued a statement on their own.

Most of it, except for their criticism of peace at the 38th, was a re-har of previous Republican attacks on the Truman administration, particularly on Secretary of State Acheson, for the handling of Asian affairs.

But on the subject--was MacArthur right in urging all-out war on China?--the eight senators ducked giving an answer. All they said on that subject was to praise MacArthur for good intentions. They said he acted only from the best motives.

The Truman administration's position had been: Try to get peace in Korea without all-out attacks on China since that might bring in Russia and World War III. If the Korean peace talks fail, it may be necessary then to use utmost force, which would mean all-out war on China.

The eight Republican senators who signed the statement were Bridges of New Hampshire, Wiley of Wisconsin, Smith of New Jersey, Hickenlooper of Iowa, Knowland of California, Cain of Washington, Brewster of Maine, and Flanders of Vermont.

A GREAT BIG TROPHY WILL GRACE the club house of the Washington C. H. Country Club for the coming year, a symbol of the skill of its golfers. The trophy was won by Dan O'Brien at the York Country Club in Columbus last week when he romped through the top division of the district handicap tournament with scores of 136 for the first round and 138 for the second. The trophy (shown in photo above) is being admired by Tony Capuana (left), the WCH club pro, and O'Brien (sitting on counter in pro's shop). It is a rotating trophy that goes to the club of each year's winner after being inscribed with the pertinent data. O'Brien, however, was presented an engraved trophy tray for his very own and a dozen golf balls. O'Brien's tourney victory is all the more amazing because he had played only 36 holes of golf since returning from a seven-week training stint with the Marine Corps at Parris Island. ## Train In Operation For over 65 Years

Withdrawal of the two night passenger trains on the B. & O. Railroad, effective Sept. 30, means that this city will lose one of the trains which has served it continuously for more than 25 years, it is recalled here by some of the old timers.

The eastbound night train is the one which has operated on the road since back in 1884 or 1885, and for years it was known as the "10 o'clock train".

Frequent bus service between points on the B. & O. is the chief cause of withdrawal of the trains. A pronounced shift in mail service must be made to meet the withdrawal of the two night trains.

## Show Is Stopped While Baby Born

HOLLYWOOD, Aug. 21—(P)—The stork left a little bundle for the hatcheck girl and it stopped the night club show cold.

The floor show was going full blast early yesterday at Ciro's when impresario Herman Hoyer stepped out on the stage to ask if there was a doctor in the house.

There was. And to the accompaniment of muted trumpets, the hatcheck girl, pretty Margaret Barstow, 21, gave birth to a daughter, Rex, in a private upstairs cocktail lounge.

"We named the baby Rex because we were expecting a boy," explained the father, Bruce Barstow, 24, an engineering student.

## DT&I Diesels May Soon Be Here

Reports indicate that some new Diesel engines ordered by the D. T. & I. Railroad, have reached the upper part of the road, and may be expected to be in operation in this area in the near future.

Steam engines have been in use on the road with exception of some Diesels operated in the Detroit area, chiefly for switching purposes, the reports indicate.

## Home of Solicitor Dynamited Again

CLEVELAND, Aug. 21—(P)—Police probed today to find out why, for the third time in four years, somebody has dynamited property owned by the city solicitor of suburban Garfield Heights (pop. about 20,000).

The solicitor himself, Joseph L. Zelazny, suggested no motive when he returned from Sandusky last night a few hours after a dynamite bomb caused \$7,000 damage to a \$50,000 ranch-type house he is building in another suburb, Brecksville.

"As far as I know, all union help has been employed on the job, and there has been no trouble," Zelazny said.

## American Casualties

WASHINGTON, Aug. 21—(P)—The defense department today identified 43 additional casualties of the Korean war. The list (No. 380) included six killed, 26 wounded, three missing and eight injured.

## He Was Right; But Cost Life To Prove It

CLEVELAND, Aug. 21—(P)—Sixty-year-old Adolphus French thought the late model Studebaker with two men parked on Woodland Ave., looked like his, which had been stolen Saturday night.

He looked closer and thought his license plates were underneath the ones on the car. So he got his revolver.

A few minutes later Detectives John Patton and Joseph Unateny got a call that a man was shooting a gun on Woodland Ave. When they arrived they saw French running, the gun in his hand.

Pursuing the men he thought stole his car, French did not heed the officers' cry to drop his revolver. Patton shot once. The bullet went through French's wrist and the right side of his chest.

Before he died in Charity Hospital early today, he told the detectives his story about his stolen car.

French was right. It was his car.

## Program For BETTER LAWNS

Late summer - early fall is the ideal time to beautify your lawn. A beautiful, sparkling Scott's LAWN costs no more than the ordinary kind. Here is all you do:

- 1 Apply Scotts 4-XD to dispose of broad-leaved weeds.
- 2 If Crabgrass is present, wait 2 or 3 days, then apply SCUTL to stop further growth. Repeat SCUTL in a week.
- 3 If weather is dry and lawn cannot be watered, delay further treatment until after a soaking rain.
- 4 Apply TURF BUILDER lawn food.
- 5 Seed sparingly - you need so little when you use Scotts.

Autumn is also the best time to build a NEW LAWN.

## Scott's LAWN SEED

Economical - 3,000,000 seeds per pound so you need sow only a third as much as ordinary seed to get a permanent lawn.  
1 lb. - \$1.55 5 lbs. - \$7.65

## TURF BUILDER

Autumn feeding restores sparkling color and vigorous health to lawns. Turf Builder feeds grass better for less. Use only 1 lb. to 100 sq. ft. 25 lbs. feeds 2500 sq. ft. - \$2.50 100 lbs. 10,000 sq. ft. - \$7.85

## West Point Story Points National Lesson

Congress and many other people in the county have worked themselves into a raging fever over the West Point "cribbing cabal". The shocking news that some of the men whom we have appointed to the nation's most important army training academy are prepared to yield to temptation with the greatest of ease should alarm all of us as a symptom of the cancer eating at our society.

Basically, it is part of the spirit of our times. The infectious disease of "Get-Ahead-No-Matter-What-It-Involves" has not spared academic institutions any more than it has spared politics, business and the professions.

We cannot help feeling that this vicious tendency has been promoted by the wholesale revelations of "inside doings", influence peddling, and similar nationally publicized activities on the Washington D. C. scene.

When public morality and ethical standards collapse at the top, it does not take long for the whole social order to feel the effects.

No one can excuse the West Pointers who violated the code of honor which has prevailed at the United States Military Academy for years. They knew they were doing wrong all the time. They are not small children who cannot distinguish honesty from dishonesty. If the academy is to be restored to its position of eminence and replaced on its pedestal, we must punish the offenders and make it certain that the offence is never repeated.

### A Bad Appeal

Some political managers are currently concerning themselves with the fact that there are more than 10,000,000 foreign born persons in the United States and approximately 25,000 natives of foreign or mixed parentage. There are 6,000,000 German-

Americans, more than 3,000,000 Polish-Americans, and approximately 3,000,000 of Russian stock.

The political concern is how to shape partisan policies to attract these foreign born or first generation voters. But if the politicians are the sincere patriots they profess to be they will adopt policies designed to further the vital interests of the United States of American and let the hyphenated votes fall where they will.

These foreign born or first generation Americans are undoubtedly predominantly patriotic and live in America because they esteem it above their native lands. Where such is not the case, it is a wicked maneuver to cater to them. It is as evil an expediency as one could think of to plot cutting the American policy cloth to fit foreign interests.

This country has seen too much of political expediency which seeks votes regardless of the national welfare. Real statesmen will determine upon a course of action designed to advance this country's interests. They will not sell out to those who would undermine this government in the hope of attracting a few votes.

A million and a half pounds of rice are thrown at newly married couples in the United States in a year. Probably to prevent the government from giving it to the Chinese Reds.

Mortgages on homes have risen to \$47,000,000,000, which is chicken feed compared to the plaster slapped on the homeland, the old USA itself.

Chinese do not go in much for whiskers, so it follows naturally that those Red negotiators are bare-faced liars.

## Sad Letter from Leftover Mabel

NEW YORK. —(AP)— Dear sir: "Now that the dog days are here, wouldn't you like to hear a cute dog story? I have one your readers may like.

"My name is Mabel Jones, although everybody calls me 'Leftover Mabel'. I live on a farm with my dear old parents and Uncle Munchausen Jones. Uncle Munchausen, who is 80, is an unsuccessful inventor. So he has worked for us as a temporary hired hand for the last 40 years.

"We have two dogs: Snuffy -- she's a little black spaniel-- and Jumbo, a full-grown St. Bernard. Snuffy has a terrible crush on Jumbo, but he won't have a thing to do with her. Jumbo is in love with our milk cow, Ticky. We call her Ticky because -- well, I guess even a city feller like you can figure that out.

"Jumbo is crazy about Ticky because he is so big he thinks he is a cow, too. But she knows better. She snubs him all the time.

"I don't want this to get too mixed up, but maybe I'd better explain that Jumbo is Uncle Munchausen's dog, but they don't get along at all. They have a feud on, and I'll tell you why.

"Uncle Munchausen loves blackberry brandy. That's why he bought Jumbo. He figured that when his rheumatiz bothered him, he could put a small keg around the St. Bernard's neck and send him into town for the brandy.

"It worked out all right for a time. One morning he put the money into the keg as usual. Nobody knows for sure what happened. But that night Jumbo reeled home with the keg smashed and the money gone. And he was hiccupping, and smelling of brandy.

"That's how the grudge started. Jumbo thinks any dog ought to have a second chance, but Uncle Munchausen says he'll be damned if he'll ever let him go to the store again.

"Well, he also says he wouldn't lift a hand to pull Jumbo out of a snowdrift, but if Snuffy is in love with the big bum he would like to help her along with her romance.

"I figure that overgrown snob is just looking down his nose at her," he tells me. "The problem is to get her up to his social level."

"So Uncle Munchausen sits down and makes that little spaniel a set of four stilts on wheels. As I said, he's a real inventor. Snuffy got the idea real quick. It didn't take her long to skate, but it was days before she could tie the straps on by herself. All this time big dumb Jumbo

watches and wonders.

"Finally Snuffy is ready. She puts on her stilts and skates over to Jumbo, yelping with love. She's as tall as he is at least!

"But Jumbo just growls and bats her over with his paws. Then he unchews her stilts, puts them on himself, and chews the straps on tight. At first he kerflops all over the barnyard. But he finally gets the wheels rolling just as Uncle Munchausen comes up, leading the cow from the pasture.

"Jumbo gives a bark of delight. At last he is as tall as Ticky! He comes skating up to her, and she lets go with a kick that breaks two of his stilts.

"Uncle Munchausen is so riled he goes over and cuffs Jumbo. Poor lovesick Snuffy can't stand that so she runs up and bites Uncle Munchausen on the leg. Then he jerks the four stilts off Jumbo and throws them at Ticky, hitting her in the flank.

"Darn love," he says, "animals are as ungrateful as people."

Well, Ticky's feelings are so hurt she hasn't given milk for two days and now everybody on the farm is mad at each other. I guess it's just the dog days.

Sincerely,  
Mabel Jones  
P. S. You may be wondering why folks call me 'Leftover Mabel.' Well, pa and ma had five daughters, and the other four got married. I'm leftover.

## About William Randolph Hearst

I only met William Randolph Hearst twice: once when I was a boy and he was a candidate for mayor of New York City; the second time was two years ago in his home in Beverly Hills, where he was confined to his room, a very sick man.

The Hearst of my childhood was a fabulous personality whose program of municipal ownership of public utilities was looked upon as the wildest socialism. In fact, associated with him in the Independence League were such socialists as James G. Phelps Stokes, Robert Hunter, Rose Pastor Stokes, Charles Edward Russell,

and many others. Hearst's battle in those days was against the trusts, against monopolies, and he employed his genius for the graphic and the pictorial and the simple phrase to impress upon the average man how he was being exploited by Wall Street. Few in this generation recall those battles; yet it is notable that the Hearst program

of the first decade of this century, then regarded as radical, has now come to be acknowledged the American way of life. He was a generation ahead of his time.

Our parents on the East Side accepted Mr. Hearst as their leader because they could understand him. The constructive value of that lies in his emphasis on patriotism, loyalty and a profound affection for American institutions.

In those days, when our parents were immigrants and when the communities in which we lived were almost as European as the ones from which they came, the problem of Americanization was taken seriously. We wanted to become part of American life. We wanted to be bound into the spirit and soul of America. We wanted America to absorb us.

The Hearst newspapers served this population of immigrants and their children in a city like New York by consciously bridging the gap between an older way of life and the new world. It can be said that he was smart to build circulation that way, but I doubt seriously whether he was that business-conscious. His forte seemed to be to find a cause and to serve it. His cause was Americanism -- fundamentalist, understandable, patriotic Americanism.

Two years ago, when I was permitted to visit him by his physician, on what seemed to be a very bad day for him, I reminded him of his relationship to the Americanization work on the East Side. He recalled it all and then he said:

"Sokolsky, the reason you and I really understand the evils of Communism is that we were once familiar with the nature of socialism."

That is so true in the sense that

he meant it. For whereas the Socialists whom he joined in the Independence League were seeking the betterment of mankind and the extension of liberty and opportunity. The so-called Marxists have perverted an ideal of human progress into the enslavement of man to the state.

Many will write of their intimate associations with this man. They will praise or criticize his character and his personality. Of these I know little. For six years now, I have been writing editorials for his newspaper, "The Mirror," in New York, with a freedom from control unimaginable in any other organization. I asked him about that. He said:

"If I have to tell a man what to do, I had better fire him." "Maybe others have not had that experience, but it was mine and I have to go by the record of freedom which I have enjoyed not only as a columnist but as an editorial writer. Since King Features, which distributes this column, and which Mr. Hearst owned, took me on as a columnist, I have never been asked to write a column to fit a policy or, for that matter, for any reason, nor has a column of mine been killed. In fact, my contract gives me complete authority over the text, down to the use of punctuation.

Up to the very last he held the reins, which was remarkable, considering his great age. As one who touched only the fringes of his personality, I must conclude that he was of a generation in which a man of his stature knew what he believed, was willing to fight for his ideas, was willing to risk his fortune and court unpopularity for what he believed to be true. He nearly lost his newspapers; he became a target of violent attack; but he never accepted compromise as a guide. (Copyright, 1951, King Features Syndicate, Inc.)

## Diet and Health Condition Helped By Antihistamines

By HERMAN N. BUNDESEN

Of all the conditions which plague human-kind, severe itching can be one of the most exasperating. One of the most frequent sites for such itching is around the opening of the lower bowel and, when it occurs in this area, it forms the uncomfortable, embarrassing, and often neglected disorder known as pruritus ani.

Pruritus more often affects men and women, is most common in those from 20 to 45 years of age, and occurs more frequently among office workers who sit all day than among those following occupations demanding physical activity.

### Severe Itching

The predominant symptom is a severe itching around the rectum. The skin, usually red and irritated, may be dry or moist. Cracks or fissures form around the rectal opening, since the skin there becomes very brittle and cracks easily. The itch is constant and the urge to scratch is great.

Among the conditions which lead to pruritus ani are worry, overwork, and alcoholism. Disorders of the bowel may also cause this condition. Diabetes, liver, or gallbladder disease, too, may have some influence in causing it. Pinworm infection, especially in children, may be a factor. Eating highly-seasoned foods, drug reactions, and nervous conditions of the bowel are sometimes reported as causes.

The treatment of pruritus ani depends upon the cause. The pa-

tient should be examined carefully to determine whether or not some local disorder is present. If the condition is severe, hit or cold applications, or the two used alternately, may bring some relief. When the itching is caused by an infection, the use of penicillin ointment locally may be of some help.

### Soothing Ointment

The patient should be instructed not to use soap or water or rough toilet paper until the area is healed. The application of a soothing anesthetic ointment may be of some benefit. Recently, it has been shown that the antihistaminic drugs, in the form of ointments, are of great aid in relieving the condition.

Since the itching may be made worse by improper diet, such as excessive carbohydrate intake, roughage should be eliminated from the diet and the starch content reduced. Hydrochloric acid, given by mouth, may also be of some help. The use of alcoholic beverages should be stopped. In some cases, some simple psychiatric treatment may do more than all other measures to help the condition.

### QUESTIONS AND ANSWERS

J. P.: Do tumors of the womb ever dissolve at the change of life, or is X-ray or operation the only cure?

Answer: It is not likely that a tumor of the womb will disappear. Usually X-ray treatment or surgery is needed to correct this condition.

## Alien Infiltration Warning Is Sounded

WASHINGTON, Aug. 21.—(AP)—

Senator McCarran (D-Nev.) said today a massive, illegal infiltration of aliens into this country is "potentially more dangerous" than an armed invasion.

The influx would provide an enemy nation "a ready-made fifth column," McCarran said.

The secret testimony of immigration officials, he said in a statement, showed:

1. Aliens illegally in this coun-

try are countable in the millions, and may total 5,000,000.

2. Among them are "militant Communists, Sicilian bandits and other criminals 'in vast numbers.'"

3. The immigration service has made only small effort to locate and deport these unwanted foreigners because of a variety of factors, including lack of staff and money.

Ceramic clay floor tiles of various shapes used by architects during the Roman Empire period are frequently found not only in Roman Italy, but also in the farthest-flung provinces that once belonged to Rome.

"HIDEOUS HOVELS" is the term used by members of a Senate Preparedness subcommittee after an investigation of housing conditions faced by servicemen and their families in three southern training camps. Visiting Camp Breckinridge, Ky.; Camp Rucker, Ala., and Fort Wood, Mo., the angry Senators told of makeshift lodgings where military personnel slept with lights on to keep children from being bitten by rats. At top, a small shack at Camp Breckinridge is built of mortar and whiskey bottles, beer cans and whitewash. At bottom a child plays on the steps of a house the roof of which is propped by old pipes. ## Chillicothean Held In Fatal Shooting

CHILLICOTHE, Aug. 21.—(AP)—Police today held John Shaw, 54, for questioning in the fatal shooting of his stepdaughter last night. The stepdaughter, Mrs. Ruth Cox, 31, was shot in her own home in Chillicothe about 6:30 P. M.

Patrolman Clarence Robey, who lives next door to the Cox home, said Shaw told him: "I did it, Clarence." Police officials said Shaw would be charged with murder later today.

The policeman said Shaw blames Mrs. Cox for causing trouble with his own wife.

## Youth Rescued On Mountain

CARLSBAD, N. M., Aug. 21.—

(AP)—An injured youth was rescued from the rocky slopes of the highest mountain in Texas Sunday night after he painfully crawled three miles from a ledge where he was marooned.

John Eoff, 19, of Ballinger, Tex., was crippled by cactus spines in a fall on towering Guadalupe Peak. A companion, Jim Erwin, 18, also of Ballinger, made the five-hour descent to alert rescue parties.

"They both ought to be spanked," said Sheriff Bill High of Eddy County, New Mexico. "They had no business on the mountain if they couldn't take care of themselves."

Eoff spent 16 hours without food or water on the ledge, about 8,000 feet up the mountain. But when Border Patrolman Jim Tice found him, he still had enough energy to want to crawl back up to recover a billfold containing four dollars. Tice restrained him and seconded the sheriff's motion for a spanking.

Menace of A-bomb Attack Real To New York City's Officialdom

A ball of fire, brighter than 100 suns and 900 feet in diameter, flashes in the sky as an A-bomb explodes in mid-air.

By FRED HIFT  
Central Press Correspondent  
NEW YORK — A young man here recently answered an ad for a job. When he arrived at the office, which was located on the top floor of one of the Manhattan skyscrapers, he abruptly informed the boss that he no longer was interested in the position.  
"But why?" he was asked. "You have a good chance."  
"That may be," the young fellow answered as he walked out, "but I don't intend to be caught up here by any atom-bomb attack." The potential employer didn't even crack a smile.  
This incident represents the extreme rather than the average, for Mr. and Mrs. New Yorker, if anything, are apt to minimize their danger, but authorities are speeding plans to get the city at least partially ready for any eventuality.  
Arrow-signs indicating shelter locations are beginning to blossom out in most office buildings; plans to develop the subway system into a huge shelter area are being worked out; the Office of Civil Defense's nine emergency divisions are constantly adding trained personnel; air-raid sirens are being installed, and a civil defense radio network embracing everything from radio stations to walkie-talkies is operating.  
ALL THIS takes manpower, of which New York has plenty; a sense of urgency, which is lacking in most people, and—money, some \$350 million to be exact. Present defense plans visualize not only the expansion of existing facilities, such as hospitals, but also a great deal of new construction to provide shelters and insure movement in and out of the city.  
The degree of effectiveness in which New York can meet an A-bomb attack depends largely on the time and the manner in which the bomb is dropped, and the pe-

Offers to Adopt Children Pour in Resurvey Is Ordered For Flood Control

COLUMBUS, Aug. 21 —(P)—The voice on the other end of the line was clear, although the connection was bad. "I'm calling from Philadelphia," the man said.  
That call to the Ohio State Journal office yesterday was part of a snow-balling response to an out-of-the-ordinary request. Would anybody adopt some or all of the seven children of Mr. and Mrs. Richard Davey—who, for three years, had carried a load of illness, debts, and homelessness? Seemed there are a lot of people who would.  
Davey made the adoption proposal in a letter to the Columbus Dispatch, saying the family was facing eviction. The story was carried nationally by the Associated Press.  
Davey said people had been calling all day, offering to take some or all of the children "until we get on our feet," and added: "I wish everyone who is down and out could get his story before the public. I had no idea there were so many wonderful people. I don't think we have to give any of the children for adoption now."  
Davey said his best offer came from a factory owner who suggested they consolidate the family's debts, and that Davey should come to work in his factory.  
But, the factory executive insisted, the children must stay.

**The country's newest lubricating oil plant produces the world's most modern motor oil!**

Producing Sohio HQD Motor Oil was no simple, overnight operation. It took six years of diligent research, and the construction of this \$13,000,000 oil plant at Lima, Ohio. Five tremendous new integrated units, and a storage capacity of half-a-million barrels of oil had to be built. There are 144 miles of pipeline ranging from 3/4" to 30" in diameter. The dewatering unit alone has a refrigeration system with an ice-making capacity sufficient to supply a city the size of Dayton on a hot summer day! The concrete foundations, if made into a sidewalk three inches thick and three feet wide, would stretch for 34 miles. The entire plant required 10,000,000 pounds of steel. Daily electric power needed is enough to light 900 homes. All this—to bring to Ohio car owners a new and better motor oil!

Now you can clean and condition your engine while you drive! Sohio HQD is a new, heavy-duty, super-detergent motor oil that gives you three times the cleansing action...three times the dirt-dissolving and dirt-dispersing power of regular detergent motor oils. In addition to these great new functions that prolong engine life and increase engine efficiency, Sohio HQD Motor Oil exceeds... by far...the severest requirements for the finest protective motor oils of the past.

Sohio HQD Motor Oil surpasses manufacturers' recommendations for every make of car on the road today. Sohio HQD Motor Oil surpasses Army Ordnance specifications for a detergent motor oil suitable for use in U. S. military vehicles.

Use it with confidence! This new motor oil will contribute to the better operation of your engine under even the most extreme driving conditions.

## Piano Recital Is Given by Jeanne Scholl

Miss Audree Jeanne Scholl daughter of Mr. and Mrs. Don O. Scholl and senior piano student of Mrs. Robert E. Willis presented a beautiful recital for a few friends and music lovers at the Willis home on Sunday afternoon at five o'clock.

She made a charming picture at the keyboard displaying excellent technique as well as artistic interpretation, also a depth of tone which was most unusual. Her numbers included: Sonata in F No. 13—Mozart; Prelude No. 23 F Major, Op. 28—Chopin; Prelude No. 18 F Minor, Op. 28—Chopin; La Fille Aux Cheveux de Lin—Debussy; Clair de Lune—Debussy; Lotus Land Op. 47 No. 1—Cyril Scott and Rondo Capriccioso Op. 14—Felix Mendelssohn.

Following the program tea and accompanying delicacies were served on the beautiful lawn with a background of trees and shrubs as an ideal outdoor setting.

Misses Sharon Rettig, Helen Louise Hynes and Douglass Scholl were the efficient assistants in the afternoon's hospitalities.

## Hodsons Honored At Picnic Party

Monday evening members of the Jasper Township Farm Bureau council and invited guests numbering 70 from the Milledgeville community pleasantly surprised Mr. and Mrs. Ledroit Hodson and family who leave the neighborhood on August 28 for their newly purchased farm home near Hillsboro.

Delicious viands from well filled baskets made up the sumptuous picnic supper served on the lawn at the Hodson home at 6:30.

After a congenial supper hour around small tables the Hodsons were presented with a beautiful gift from the guests by Mr. Marlin Sanderson in appreciation for their splendid help in the community. Informal visiting brought to a close a most delightful event.

Those participating in the pleasant event were: Mr. and Mrs. Ralph Minton and family, Mrs. Gene McLean, Mrs. Floy Ferguson, Mr. and Mrs. Grant Morgan, Mrs. Edith Chamberlain, Mr. Ulric Acton, Mrs. Willis Fent, Mr. and Mrs. Hoyt Bock and family, Mr. and Mrs. Robert Fichthorn, Mr. and Mrs. Harry Allen, Mr. and Mrs. Bryan Leasure and family, Mr. and Mrs. Jess Crago and family, Mr. and Mrs. Ray Pope and family, Mr. and Mrs. Jesse Mark, Mr. and Mrs. Sam Fitchthorn, Mrs. George Worrell, Mrs. W. A. Creamer, Mr. and Mrs. Charles Hiser and family, Mr. and Mrs. Martin Lane and family, Mr. and Mrs. John Morgan and family, Mr. and Mrs. Eugene Klontz and family, Mr. and Mrs. Martin Sanderson and family, Mr. and Mrs. Vernon Robison and family, Mr. and Mrs. Harry Hiser, and Mr. and Mrs. John Sheeley and family.

## Family Night At Country Club Well Attended

The regular family night informal covered dish dinner at the Washington Country Club was as usual attended by about fifty members and their families.

The hostess group made up of Mrs. Willis Coffman, chairman, Mrs. William McArthur, Mrs. Ronald Cornwell and Mrs. Otis B. Core, used as decorations for the occasion a large bouquet of summer flowers on the long serving table with roses and small bouquets of flowers adding effective beauty to the surroundings.

Following a most congenial dinner hour, the group enjoyed informal visiting and card games.

## Bonham-Jones Reunion Held

Members of the Bonham-Jones families assembled at the Fayette County Fairgrounds on Sunday for the thirty-second annual reunion.

A sumptuous basket dinner was served at the noon hour and during the afternoon informal visiting was enjoyed.

Out-of-town relatives joining those in this community for a most pleasant day were Mrs. Cora Bonham, Miss Marveth Bonham, Mr. and Mrs. Joe Suhre, Mrs. George Berwanger, Mr. and Mrs. Gerald Susil and family of Columbus, Miss Audrey Post of Cincinnati, Mrs. Leslie Post of Greenfield, Mr. and Mrs. Robert Pollard of Eminence, Kentucky, and Mrs. Cora Laughner of New Holland.

## Fults Reunion Is Held at Roush Home

The second annual reunion of the descendants of the late John and Amy (Bush) Fults was held Sunday at the country home of Misses Arbana, Josephine and Jeannette Roush on the Leesburg Road.

A happy gathering of 45 cousins assembled about one o'clock for a basket dinner. The delicious viands were served buffet indoors. Small tables with central adornments of summer flowers seated the group for a pleasant dinner hour.

The business session later was presided over by Mr. Herbert Wilson. Following the reading of the minutes by Miss Josephine Roush, a very complete and interesting history of the early ancestors of the Fults family was read by Mr. Claire Fults of Columbus. Mr. Walter Fults was elected president and Miss Helen Fults, secretary. The next reunion will be held at the home of Mr. and Mrs. Roy Fults on the Harold Road.

The Misses Roush were assisted in the hospitalities by Mrs. C. S. Kelley and Mrs. Walter Fults.

# Lions Fit as Practice Starts

32 Turn Out  
For Football  
Here Monday

Football is under way officially in Washington C. H. now.

For the first practice at Gardner Park Monday night, 32 husky youngsters turned out in answer to Coach Fred Pierson's call for candidates.

They were a husky lot, physically fit and rarin' to go with a spirit that Pierson admitted with a broad grin was hard to bridge.

The squad has plenty of weight and a fair amount of speed. But it has its weaknesses, too.

The big worry of Pierson and his new assistant and line coach, Curtis Koons, is picking out some ends—there is not a young man in the lot who has had any experience at the flanks.

Wayne VanMeter, who Pierson said "has grown up this summer" to more than 180 pounds, may be shifted from tackle to end. That was only the first step toward solving the problem.

While there is a complete backfield from among the returning lettermen, Pierson said it might be weak in reserve strength.

THE THING THAT brought the greatest joy to the coaches was the condition of the squad. "They're all tough and rugged and ready, right now, to go into scrimmage," said Pierson. Koons said, "I just can't believe it," when he noted the physical condition of the squad.

And, the coach can thank the boys themselves for all that. They have been working out for more than three weeks "on their own" under the guidance of two former WHS Lion stars, Dick O'Brien, a tackle and end, and Bill Campbell, a quarterback.

The squad was put through the physical examination routine at the WHS gym by Dr. Marvin Rossmann and Dr. James Rose.

After that they were issued their uniforms, the protective harness of pads and their shoes.

Shorts and "T" shirts were discarded for the first practice session, regardless of the heat.

MOST OF THE MONDAY evening drill was devoted to calisthenics, foot races, stance for charging linemen, ball handling for the backfield and the ever-present lessons on the fundamentals of blocking and tackling.

There was none of what is commonly referred to as "contact work" but the boys were given four new plays. These they walked through in a sort of modified dummy scrimmage.

The first real scrimmage—although it will be limited—is slated for Friday evening.

From now until school starts Sept. 4, there will be two practice sessions a day—morning and afternoon. When school starts, the morning drills will be dropped and the evening workouts stretched out and intensified.

The first game is scheduled for Sept. 14 with Linden McKinley, an old rival, in Columbus. The first home game will be Sept. 21 with Jackson.

## Stranahan Leading In Ohio Golf Open

LIMA, Aug. 21 —(P)—Toledo's Frankie Stranahan, sporting a blazing six-under-par first round 65, today led the way into the second round of the 30th Annual Ohio Open Golf Tournament.

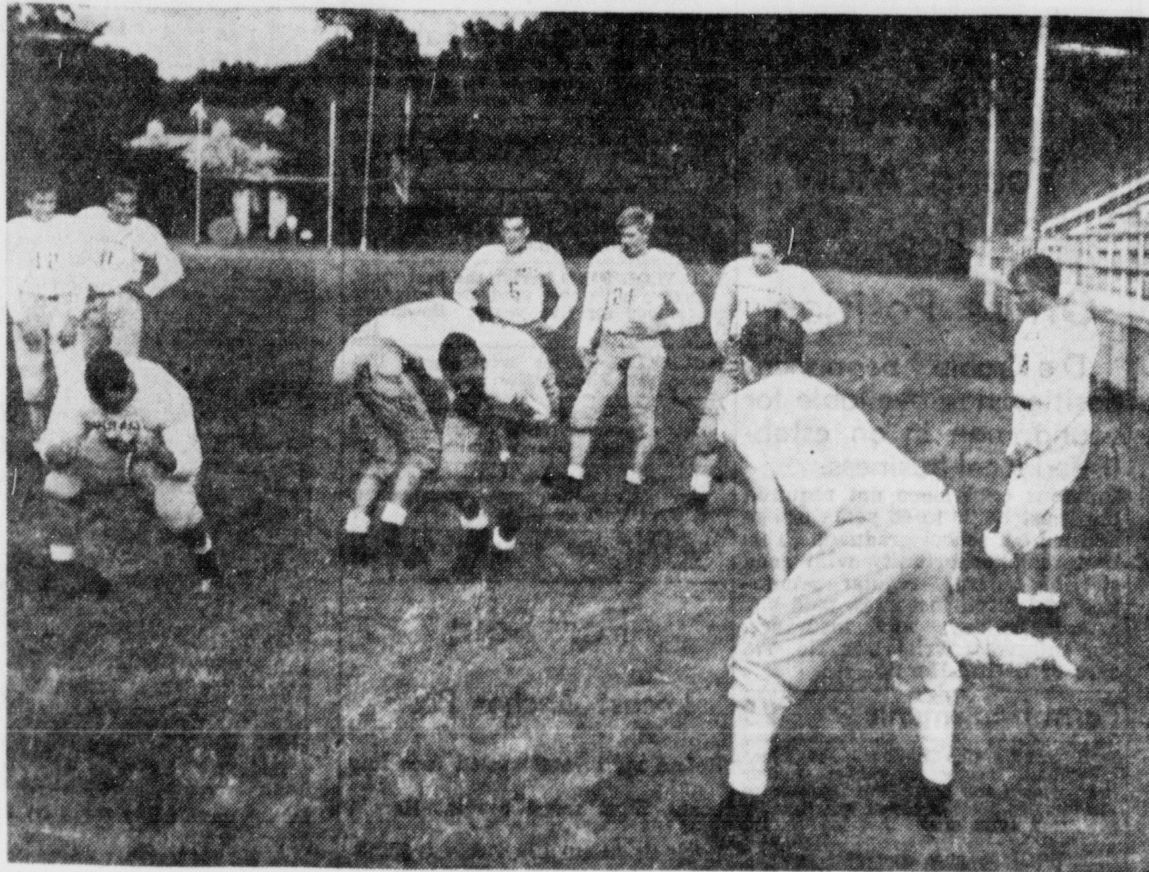

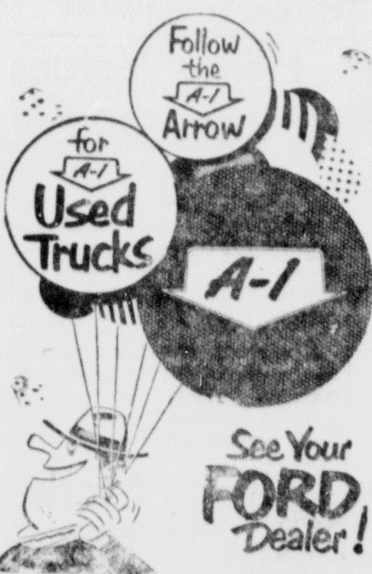

Yesterday's opening round was paced by the amateurs. Three other Simon-pures were in second place behind Stranahan and only one professional was able to scramble on the lofty perch with them.

In the four-way second-place tie with 67's-two strokes off the pace—were Don Albert of Alliance, Leo Anderson of St. Marys, Jim Pollock of Westerville and professional Hank Wilms of Cincinnati's Avon Club.

The field of 131 goes for another 18-hole round today. The top 60—including at least the top dozen amateurs—will be eligible for the 36-hole finals tomorrow.

## Father and Son Team

ATLANTIC CITY, N. J. —(P)—A unique father-son combination is at work at the Atlantic City race course this season. John Turner, Sr. and John, Jr. are both stewards. Race track officials here claim that it is the first such combination in turf history. They cite father-son combinations as owner-trainer or trainer-jockey duos but never a pair of stewards.

THE 32-BOY SQUAD OF WHS FOOTBALL HOPEFULS were broken up into small groups for specialized instruction at the opening practice Monday evening. In the above photo at far left, Center Dale Orinwood is over the ball with Ed Korn (left) and Neil Childress behind him. With his back to the camera is Curtis Koons, the new assistant coach, watching Bob Alkire hand off to Carl Smith. Standing behind awaiting their turns are four other backfield candidates (left to right) Charles Holbrook, Dick Wilt, Jim Williams and Bob Dunton. (Record-Herald photo)

## Hamilton Wins District Title In Sabina Softball Tourney

There wasn't much space left on the scoreboard after the Hamilton Burger Beer softball team won the district softball tournament at Sabina Monday evening.

Hamilton won the fourth district championship, but Jamestown fought every inch of the way. Hamilton had been undefeated in

### Valuable Player And All-Stars of District Named

Honors were pretty well distributed when the all-star team of the district tournament, just completed at Sabina, was selected by tournament officials, the umpires and scorekeepers.

Players from the district champion Hamilton team held a bit of the edge.

The most valuable player award went to Nick Lauer, the Hamilton centerfielder. His selection was based on fielding and his terrific hitting when hitting counted.

C. R. Webb presented trophies to Lauer and to the champion Hamilton team and runners-up in the tourney from Jamestown, following Monday night's deciding games.

Here is the all-star team:

Trout, 1b	Sabina
Withrow, 2b	Hamilton
Powell, ss	Jamestown
Southern, 3b	Sabina
Hardin, lf	Springfield
Lauer, cf	Hamilton
Burton, rf	Wilmington
Volkerding, p	Hamilton
Easter, p	Jamestown
Hobbs, p	Sabina
Morgan, c	Jamestown
Moore, c	Springfield
Anderson, c	Sabina

Pierce of Dayton was named the all-star utility infielder and Cummings of Springfield, the utility outfielder.

### GC Meet Opens At Missouri Fair

SEDALIA, Mo., Aug. 21 —(P)—Popular Perry scored a straight heat victory in the featured \$5,400 Goldsmith Maid Trot yesterday as the Grand Circuit opened a five-day stand at the Missouri State Fair.

Only three horses went to the post in that race and Popular Perry, owned by Poplar Hill Farm, Lexington, Ky., won handily in 2:05 and 2:08.

Two divisions of the Western Breeders' Futurity were run off, with Flaxey's Colby winning both heats of the 3-year-old trot and Gary MC taking both ends of the 3-year-old pace.

## Lead Stretched As Indians Win

Yanks and Tigers  
Split Twin Bill

By RALPH RODEN  
(By The Associated Press)

Dale Mitchell, a bench warmer every spring, is one of the leading lights in Cleveland's stirring drive for the American League pennant.

Mitchell, who has never failed to hit 300 in the big top, sits on the sidelines down south while rookies battle for his left field job. But Mitchell doesn't worry. "I'll be in there before long," is his comment.

Sure enough, before the season is well underway Mitchell is the regular left fielder.

There was some doubt this year if Mitchell would come through again. He got off to a horrible start after all aspirants for his berth failed, but he finally started to click, and so did the Indians.

Mitchell reached the .300 mark in batting last night as the Indians opened a crucial 18-game home stand by beating the Washington Senators, 5-3.

Bob Feller, in quest of his 20th victory against five defeats, will go against the Senators.

THE TRIUMPH, a 43rd birthday present for Manager Al Lopez, enabled the Tribe to pull one game ahead of the runnerup New York Yankees, who divided a two-night doubleheader with the Tigers in Detroit. The Tigers won the opener, 6-3, but the Yanks grabbed the second, 12-5.

Mitchell opened the Indian half of the first inning with his ninth homer, only two shy of his output in four previous complete big league seasons. Before the inning ended, Al Rosen boomed his 22nd homer with a mate on and the Indians were never headed. Home runs by Bob Avila in the third and Harry Simpson in the sixth accounted for the other Cleveland runs.

Husky Mike Garcia scattered 12 Washington hits in posting his 17th victory of the year compared to eight losses. Mickey Vernon, with a double and three singles, and Ed Yost, with a home run, featured Washington's attack.

The Indians meet every rival during their current stand. They collide with the Yanks in a three-game series beginning Thursday and clash in a doubleheader with the Boston Red Sox Sunday.

The Indians embark on a 17-game road trip after their current stay at home and then wind up the season with a pair of games in Cleveland with Detroit.

Virgil Trucks, with help from Dizzy Trout, stopped the Yanks in the opener at Detroit. Trucks, leading, 4-0, left in the eighth when the Yanks tallied twice. The Tigers came back with two in their half to clinch the decision.

The Yanks tucked the nightcap away with an eight-run explosion in the eighth inning on five hits, three walks, an error and fly ball. Joe DiMaggio and Yogi Berra drove in three runs apiece. Berra homered in the ninth inning of each game to boost his home run output to 20.

The remaining American League clubs were not scheduled. In the game between the Brooklyn National League, rain washed out Dodgers and the Braves at Boston. The other National League clubs were idle.

The Tsushimas are islands lying in the 120-mile-wide strait between Korea and Japan.

### Money Helps, too

NEW YORK —(P)—Australian Davis Cup officials hope to make the Davis Cup Challenge Round Matches a gigantic financial success this winter. The authorities have approved a ticket price of 4 pounds for best seats at White City courts Dec. 26, 27, 28. This is equivalent to about \$18 per seat. All tickets will be sold in series of three and none will be available for single days. Less expensive each day.

## Fayette County Trapshooters Cashing in at Grand American

Fayette County's shooting husband and wife team today had started cashing in on the nearly \$500,000 prize money offered at the 52nd Grand American trapshoot now getting under way at Vandalia, near Dayton.

Mr. and Mrs. H. B. Rader, who live on a farm just north of Jeffersonville, finished second in the husband and wife event Monday and then Mrs. Rader came back to win the senior title for women over 50 with a score of 95 out of 100.

Trapshooting and titles are old stuff for the Raders. They have been doing it for years as their joint hobby -- and it's been a paying one most of the time.

The Raders are back at Vandalia today and will be there most of the time during the Grand American.

Another trapshooter well known here, Joe Heistand, the 44-year-old Hillsboro farmer-sharpshooter broke 200 straight for the 36th time in his long career to tie Arnold Reiger of Seattle, Wash., for the class AA introductory shoot.

MEANWHILE, the hot-shot shooters were moaning and the medium marksmen were cheering

today at the 52nd Grand American.

The reason: a new method of distributing the nearly \$500,000 in prize money during the week-long 1,500,000-target program.

Under the innovation, the prize money, instead of going in huge lumps to the experts, will be spread far down the entry list in each event.

In yesterday's 200-yard 16-yard introductory shoot, the prize list practically was turned over. In the open optional, in which each shooter was permitted to deposit \$3 on each target -- a total of \$24 -- the refund went like this:

Shooters breaking the entire 200 received a refund of \$23.50 a loss of 50 cents despite the fact they won the event. Those breaking 24 of 25 in each of the eight events received \$23.10; those who broke 23 of 25 over the route received \$28 and those breaking 22 in each of the events received a total of \$36.

## Teacher's Job Saved By Cage Tournament

COLUMBUS, Aug. 21 —(P)—Atty. Gen. C. William O'Neill said yesterday a Gibsonburg (Sandusky County) school teacher saved his job by attending the State High School Basketball Tournament in Columbus last March.

The Gibsonburg Board of Education planned to notify the teacher before March 31 that it would not renew his limited teaching contract. The board mailed its notification on March 29.

But because the teacher, whom O'Neill did not identify, was at the basketball tournament, he did not get the notice until April 2.

And—since the teacher failed to receive notice by March 3—he automatically was employed for another year. That was O'Neill's ruling yesterday to Sandusky County Prosecutor Thomas F. Dewey.

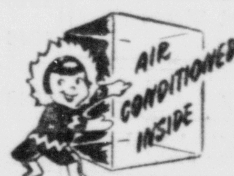

## Joe's Not Worried About Champ Jinx

SUMMIT, N. J., Aug. 21 —(P)—Light heavyweight Champion Joe Maxim says he's not worried over the title jinx that has hexed five boxing kings this year.

"Jinxes aren't going to help anybody in there Wednesday," said Maxim, who defends his crown against Irish Bobby Murphy in Madison Square Garden tomorrow night. "I'm more concerned about some of that rough stuff he likes to pull."

# It's No Wonder Mindy's Sweet! She Comes from Candy Factory

By LUCIA PERRIGO  
Central Press Correspondent  
CHICAGO—While Italy has its Ingrid (formerly of the U. S. A. and points west like Hollywood), America never will be totally bereft of plain, old, unalloyed beauty as long as Mindy Carson sticks around.

And Mindy has a mind to stick around and stay as sweet as she is. This fact was the first determined when we encountered the wonderful warbler between personal appearances in Chicago. In three years she has hit the vocal top and her formula is so simple it's a wonder so few think of it. It's just, BE NATURAL.

Mindy, with a mind of her own beneath that honest brown hair, has resisted all attempts to change her. With her first big club date in New York the edict went out that Miss Carson should bleach her hair and bedeck her particular body beautiful with a spangled, skin-tight gown.

The neophyte emphatically said "No" and meant it. Three years and a sensational career later, Mindy is still a brownette, sans nail polish and neckties that resemble waistlines! Mindy sells Mindy with that rare and realistic ingredient, talent.

Watch her work, win an audience with her freshness and fairness and fine voice. You're not shoved into applause by a shouting of lyrics but by a persuasion that pleases. As Mindy explains it: "I'm not a shouter. Everything is in creating a mood and I don't think you have to be loud to create a mood. I think Perry Como is quite wonderful and he never has to shout. So I figured if a man could get away with it, so could a woman."

IN RADIO, television and recordings she has proved her point, making the hearer shout a Hoosier that she quit the candy company in New York where she was a secretary.

That happened this way. After graduation from James Monroe high school in New York City, where she really was the girl athlete with little time for the Glee club, she set her sights on becoming a businesswoman. As assistant sales manager in the wholesale department of a candy concern she used to upset the office staff, more or less, by trilling off a few scales whenever the mood hit, and it hit often.

Insect damage to stored grain causes an annual loss of from 300 to 600 millions of bushels of grain each year, according to estimates by the U. S. Department of Agriculture.

Mindy Carson

In January of 1946, after a particularly strenuous Christmas season she took her two weeks' vacation in Miami. In the course of an evening at a small night spot, she found herself singing along with a band of table-strolling troubadours. The evening ended with the manager offering her \$125 a week to stay on as a featured singer.

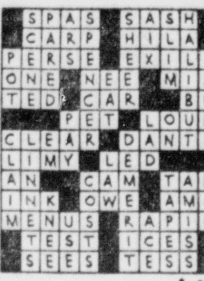

She declined, but from that day, the die was cast. Miss Carson HAD to sing for her supper. She convinced her parents to let her have a year's try at show business and that's all it took. She quit her job, made some records and started pounding the pavement. Chicago band leader Harry Kool heard her and hired her for his band. Later Paul Whiteman signed her.

She made her bid as a single in some of the top spots of the country, made two musical shorts and hit the stratosphere of big-time recording artists.

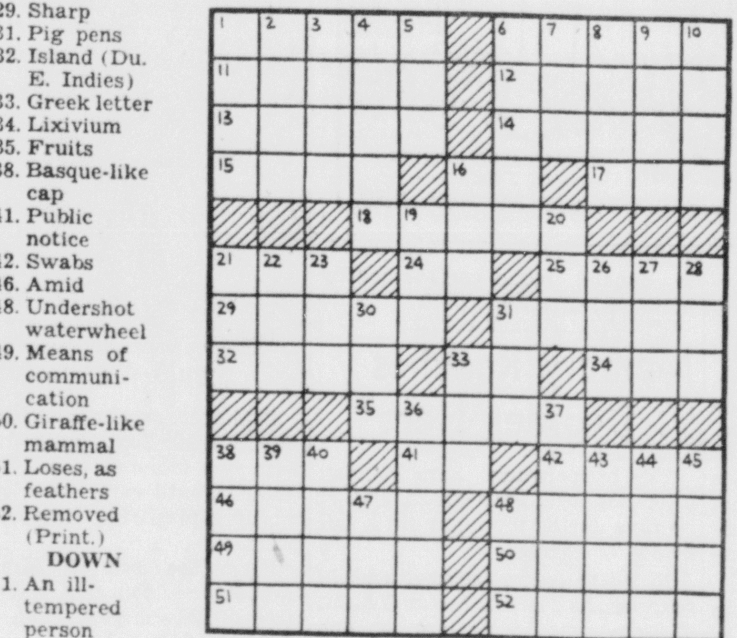

This fall she will have her own radio show. Things are still fine in the candy factory, according to Mindy, but they're mighty "sweet" too in that special big, wide, wonderful world where she reigns as a great girl singer.

## Kidnap of Cousin Is Hunted in Ohio

COLUMBUS, Aug. 21—(P)—Columbus police joined Zanesville authorities today in a widening search for a 31-year-old Columbus man charged with kidnaping a 15-year-old Zanesville girl, his cousin. Zanesville detectives fear

Nancy Kinney has met with foul play. Chester H. Risen of Columbus was charged with kidnaping Saturday in an affidavit filed by Mrs. Earl Kinney, foster mother of the girl.

## Camping Trip Is Planned by Scout Troop

Initial plans were made for a camping trip on Sunfish Creek, below Bainbridge, during the Monday evening meeting of Scout Troop 152.

Seven members of the troop had a number of suggestions for the proposed trip. They returned last Monday from a weekend camping trip at Pike Lake in Ross County. They, along with members from other troops in the county and troops from Highland County, went to the lake for a weekend Swim-O-Ree. They learned many things about camping during the weekend.

Those who attended the camp were: Roger DeWeese, Ronnie Graves, Don LeMaster, Randall Barger, Larry Hurtt, Larry Schiller and Don Brown. They were accompanied by their scoutmaster, Robert Bachelor, and Buell Brown, a member of the troop committee.

Sunday afternoon some of the parents went to Pike Lake where they and their sons enjoyed a picnic. The parents who made the trip down to the lake included: Mr. and Mrs. Walter Hurtt, Mr. and Mrs. Harold DeWeese, Mr. and Mrs. Buell Brown and Mrs. Robert Bachelor.

Plans for the camping trip to Sunfish Creek will be completed during the next meeting of the troop next Monday.

### \$20,000 DAMAGE SUIT

Leo Hidy, in a suit asking for \$20,000 damages, growing out of injuries sustained in a traffic wreck, makes The Barnhart Oil Co. and Donald Campbell, employee of the company, defendants. Hidy is represented by Richard P. Rankin.

The plaintiff states that on Sept. 21, 1949, he was standing behind his car parked on East Paint Street and that the defendant's truck, driven by Campbell, crushed him against his own car, and injured him permanently.

The plaintiff claims that his injuries were due to the negligence and carelessness of the truck driver, and states that he sustained a fractured leg and other injuries which resulted in heavy expense, and impaired his health permanently. He further states that hospital and physician bills totaled \$600; that he was forced to pay \$900 for labor to take his place, and that his earning capacity as a farmer, prior to his injuries, was \$400 per month.

### SUES FOR \$194.12

Nellie Wentz, charging violation of terms of a farm lease agreement, has filed a petition in common pleas court making Charles Cooper defendant, and asking \$194.12. Numerous instances of alleged violation of the farm lease are cited by the plaintiff, who is represented by Richard P. Rankin.

## Four Arrests Made In Traffic Cases

Police made three arrests for traffic law violations, and the state patrol made one, over Monday.

Darrell Maynard Rhodenback, 21, Johnston, O., truck driver, was nabbed for excessive noise made by his truck while on Clinton Ave.

William A. Frederick, 39, Cincinnati, posted \$25 bail for driving 50 miles on Columbus Avenue.

Joseph G. Bauer, South Orange, N. J., left \$10 bail for running through a stop street.

The patrol picked up Gaines O. Prater, 36, Calhoun, Ga., for having no certificate of title to his automobile.

All were to appear in police court.

## Funeral Services For George Fultz

Largely\*attended funeral services for George Fultz, who died suddenly while on a vacation in Virginia Thursday night, were held Monday at 2 P. M. at the Gerstner Funeral Home.

The services were conducted by Rev. Robert Marshall of the Methodist Church of Bloomingburg. Rev. Marshall read the scriptures, offered prayer, read the memoir, delivered the sermon and read the hymn "O Love That Will Not Let Me Go," the poem "The House By The Side of the Road," and the hymn "Crossing the Bar."

There were many lovely floral gifts, which were cared for by the honorary pallbearers and the active pallbearers.

The honorary pallbearers were: James Hidy, Don C. Bowen, Peter Gilmore, Merrill, Charles and Burdett Lynch. The active pallbearers were Everett Hickie, Joe Grimm, Robert Whitaker, Andy Garringer, Allen Leeh and Hughie Backenstoe.

Interment was made in the family lot in the Washington C. H. Cemetery.

## Mrs. Mary Smith Claimed by Death

Mrs. Mary Smith, 64, a lifelong resident of Fayette County, died at the home of her daughter, Mrs. Marcella Armstrong near Jeffersonville, at 1:30 P. M. Monday. She had been ill for the past year.

Mrs. Smith's survivors include four sons; Myron, Lester and Lawrence of Jeffersonville, and Robert of Jamestown; six daughters, Mrs. Eva Love, Mrs. Max Hutchinson, Mrs. Lois McBee, Mrs. Eunice Smith and Mrs. Armstrong, all of Jeffersonville, and Miss Bernice Smith at home.

She is also survived by two brothers, Harry and John Blouse of Jeffersonville, one sister Mrs. Bernice Steele of Detroit, and 13 grandchildren.

Funeral services for Mrs. Smith will be held in the Christian Union Church of Bookwalter, Thursday at 2 P. M., under the direction of the Alvin G. Little Funeral Home of Jeffersonville. Burial will be in the Hidy Cemetery near Jeffersonville.

Friends may call at the Armstrong home any time.

## Brandenburg Boat Mystery Solved

Five Clarksville youths, ranging in age from 13 to 18 years, admitted to Sheriff Howard C. Botts of Clinton County, that they and another boy from Ironton, were responsible for burning Ray Brandenburg's boat on Lake Cowan Thursday night.

The youths told him that they burned the boat unintentionally when they poured gasoline on the water to see if it would burn and the flaming fluid reached the boat and destroyed it.

Brandenburg said he would not prosecute the boys after each had promised to pay equal shares of the cost of the \$336 boat.

## Two Runs Made by Fire Department

Firemen were called to the G. E. Bidwell home, 520 South Main Street, at 8:35 P. M. Monday, by smoke which was coming from wood burning in a furnace.

At 11:50 A. M. Tuesday the tanker was taken to Gregg and Delaware streets to extinguish a grass fire.

The flashes of fireflies are their "mating call."
